A. GENERAL INFORMATION

Objective

The present regulation stipulates the principles and general rules for setting-up the signatory pouvoirs for external and internal documents on entities' level, specific rules for different categories of documents and also power of attorneys and mandate.

Scope

The present regulation is applicable to all Functional Entities of BCR, head office and territorial units.

B. PRINCIPLES

Principles

EMPOWERMENT

Banca Comerciala Romana S.A. (**BCR**) is legally and validly committed toward third parties by External Documents (as such term is defined below) signed by its employees and/or representatives through:

- empowerment granted by BCR's Management Board (**Management Board** or **MB**) though the rules further set out in this document;
- direct and specific empowerment granted the Management Board for a particular activity and/or document and/or transaction and/or operation; and
- power of attorneys (**PoAs**) issued by: (i) the Management Board; (ii) two (2) MB Members, upon the special empowerment granted by the Management Board; or (iii) two (2) Functional Entity representatives (as defined below) upon the special empowerment granted by the Management Board according to this Signature Book.

EXTERNAL DOCUMENTS. TWO SIGNATURES PRINCIPLE

Any document to be used in relation with third parties signed by BCR (**External Documents**) shall bear two (2) signatures, except for the situations described below.

Any External Document exclusively falling within the business activity coordinated by a certain Functional Entity from BCR's headquarters (it being understood that a **Functional Entity** is an organizational unit of BCR directly reporting to a MB Member) shall be signed by two (2) representatives of that Functional Entity, as per the principles outlined in Section B below.

Any document falling within the business activity coordinated by more than one Functional Entity shall be signed by:

- a representative of the Functional Entity that is most related to the business activity referred to by that document; and
- a representative of one of the other Functional Entities whose business activities are related to the document.

Specific rules for signatures are set-up depending on the category of documents, as per Section C below.

Whenever the rules provide multiple alternatives for the position entitled to sign a document (as a first and/or second or single signature), the available employee(s) holding the highest hierarchical position within the Functional Entity will sign that document.

B. PRINCIPLES

However, should this rule be not observed, it will not affect in any circumstance the validity of the External Document and the legal effects produced thereof.

EXTERNAL DOCUMENTS. EXCEPTION: ONE SIGNATURE

Notwithstanding the foregoing, BCR may be represented and bound by the signature of one person in the following situations:

1. in case of movable and immovable mortgages entered into by BCR in its ordinary course of business: execution, amendment and/or performance of any formalities necessary and/or recommended (applications for registration, de-registration, amendment of registration) before any relevant authority and/or institution (including but not being limited to land book offices, Electronic Archive of Movable Security Interests (**AEGRM**), etc.);
2. in case of any operation subject to be registered in AEGRM (e.g. assignment of receivables) and/or land book offices (e.g. rental agreements): performance of any formalities necessary and/or recommended (applications for registration, de-registration, amendment of registration);
3. in case of the payments which are carried out through electronic payment systems, which automatically allow using only a single authorized person's electronic signature;
4. in relation to any legal and/or regulatory formalities and/or requirements which must be performed and/or complied with before any public authority and/or institution by using a single electronic and/or handwritten signature; and
5. in case of financial services agreements executed by using distance means of communication.

External Documents (whether to apply the two signatures principle or the exception of one signature) are signed according to the Signature Book or the Internal Signature Instructions (as defined in Section B "Signatory Pouvoirs on Functional Entities' Level") only after they have been approved by the relevant authorized levels as may be required by and in accordance with the applicable internal rules (e.g. Regulation C00003).

INTERNAL DOCUMENTS

Any documents issued by a Functional Entity for BCR's internal use or certification of documents as "true copy" (**Internal Documents**) shall bear the signature of one representative of that Functional Entity.

B. PRINCIPLES

SUBSTITUTION AND ESCALATION

If the person occupying a position appointed to sign documents according to the rules set up under this document is absent (including if that position is vacant and no substitute has been expressly appointed for replacing that person), the documents shall be signed by the person designated as a substitute in accordance with the job description or other specific decision issued by the coordinating management position.

Should the absent person referred to in the above paragraph hold a B-1 position, the coordinating MB Member can decide his/ her signature to replace the one of the absent B-1 by sending express instructions in this respect to the relevant Functional Entity.

C. SIGNATORY POUVOIRS ON FUNCTIONAL ENTITIES' LEVEL

General rules for setting-up signatory pouvoirs on Functional Entities' level

POSITIONS

MB Member, B-1, B-2, B-3 and Execution Level shall have the following meaning for the purpose of the Signature Book:

Hence, each head of a Functional Entity will be establishing signatory pouvoirs granted to the employees performing business activities within the respective Functional Entity (**Entity Representative(s)**).

The signature rights will be allocated to specific positions within the Functional Entity, according to the corresponding job responsibilities and, in each case, taking into account the legal force and impact of the document (the higher the commitment for BCR under the document, the higher the signature level).

Except for the rules stated expressly herein, there will be no more than three (3) categories of signature pairs on each Functional Entity, as follows:

- B-1 + B-2;
- B-2 + B-3; and
- B-3 + Execution Level

Whenever the structure of a Functional Entity does not include a certain type of position which is referred to in these rules, the signatory right will belong to the immediate junior position available in the organizational structure of that Functional Entity (e.g. if according

E. POWER OF ATTORNEYS & MANDATE

PoAs will be valid throughout the term for which they were issued. Should such term not be expressly established, PoAs will be valid no more than three (3) years as of their issuance, in each case provided that no early termination event occurs (e.g. express revocation, termination of the employment agreement etc.).

BCR CONTRACTUAL REPRESENTATION BY THIRD PARTIES

BCR can be contractually represented in relationship with its clients and/or other suppliers by third parties specially empowered in this respect by decision granted (i) directly by the Management Board; and (ii) by two (2) Entities Representatives. Such pouvoirs are granted only in relation to mandates given within a pre-existing contract/project, originally approved and consequently signed by the authorised positions pursuant to this Signature Book and the Internal Signature Instructions applicable in BCR.

In order to empower third parties to contractually represent BCR towards its clients and/or other suppliers, the Functional Entity coordinating that activity will issue a mandate by signature of two (2) of its Entity Representatives, out of which at least one (1) holds a B-1 position.

Any mandate issued by a Functional Entity according to these rules shall be notified to the Legal Division for evidence purposes.
