1. INTERPRETATION OF THE PROVISIONS OF CHAPTER 1. OTHER CLARIFICATIONS

The provisions of Chapter 1 (*General provisions*) hereof shall apply accordingly to the Credit Facility Agreement entered into between the Borrower and the Bank pursuant to which a Guarantee Facility is made available to the Borrower. The provisions referring to the Facility Limit/Credit Facility shall apply accordingly to the Guarantee Facility.

2. ISSUANCE OF GUARANTEE INSTRUMENTS. AMENDMENT OF GUARANTEE INSTRUMENTS

2.1 The Guarantee Instrument shall be issued on the template proposed by the Bank similar to those used by the Bank at that moment or on another template agreed between the Borrower and the Bank. If the Borrower wishes the Guarantee Instrument to be issued with different content than that proposed by the Bank, the Guarantee Instrument issuance request must enclose the Borrower's proposal on the form of the Guarantee Instrument to be issued by the Bank and the Bank must accept such provisions. The Bank has discretionary power to accept or reject the proposed Guarantee Instrument form.

2.2 The Guarantee Instruments already issued by the Bank under the relevant Credit Facility Agreement can be amended under the conditions provided by the Credit Facility Agreement and only if the Bank approves such Guarantee Instrument amendment request. The request for Guarantee Instrument issuance or amendment under a Revolving Guarantee Facility can be provided to the Bank in writing, by e-mail or by facsimile, by the persons designated to represent the Borrower under the Financing Documents.

2.3 The obligation to issue the Guarantee Instrument shall be considered fulfilled by the Bank:

The value of the Guarantee Instrument shall be reduced with the payments made by the Bank and/or by the Borrower, as the case may be.

2.6 In the event of requests for issuing Guarantee Instruments consisting in letters of guarantee/counter-guarantee for advance refund or performance guarantees, by order of construction or utilities companies, the Bank performs an opportunity analysis of issuing each such Guarantee Instrument, based on the relevant project, having the right to refuse the issuance of such Guarantee Instrument, without any obligation to justify its decisions. - 3.1 As regards multicurrency Guarantee Facilities, if during the term of the Guarantee Facility, the value of the Guarantee Instruments (determined by reference to the Reference Currency according to the provisions of Clause 3.2 below) exceeds the Facility Limit of the Guarantee Facility, the Facility Limit of the Guarantee Facility is automatically supplemented with such difference, and the Bank shall notify the new value of the Facility Limit of the Guarantee Facility to the Borrower. The Borrower undertakes to create additional security covering the value exceeding the Facility Limit of the Guarantee Facility, of the nature and within the deadline set out by the Bank and to perform the appropriate publicity formalities in a 10 (ten) Business Day period starting from the notification date. If during the 10 (ten) Business Day period the total value of the Guarantee Instruments expressed in the Reference Currency is below or equal to the level of the Facility Limit of the Guarantee Facility, the Borrower is no longer required to create the respective security.

- 3.2 The Bank performs daily the re-evaluation of the value of the issued Guarantee Instruments by reference to the Reference Currency, according to the exchange rate of the National Bank of Romania, in order to comply with the Facility Limit of the Guarantee Facility.

4. SPECIAL CASE OF GUARANTEE FACILITY REVOCABILITY

- 4.1 The Bank is entitled at any time throughout the Guarantee Facility and irrespective of the occurrence of an Event of Default and without any prior formalities, to diminish or cancel the Available Facility Limit. The Bank shall subsequently notify the Borrower, on the same calendar day on which the measure is taken and the repayment of any amounts due to the Bank under the Financing Documents shall be made by the Borrower within 15 (fifteen) calendar day period, except for the case where the Bank grants a longer period according to the notice.

- 4.2 Also, in addition to the provisions of Clause 4.1 above and on terms and conditions mentioned therein, the Bank shall be entitled to transform the Guarantee Instruments issued under the relevant Credit Facility Agreement into Credit Facility.

- 4.3 As regards Revolving Guarantee Facilities, on the date of full repayment of the Credit Facility arising under the transformation of a Guarantee Instrument according to Clause 4.2 above, the Facility Limit of the Guarantee Facility shall not be supplemented with the amount of the Credit Facility.

- 4.4 The provisions of the Credit Facility Agreement shall apply until the full repayment of all amounts due or which may be due by transforming the issued Guarantee Instruments into a Credit Facility, being agreed that the supplementing of the Facility Limit of the Guarantee Facility of Revolving Guarantee Facilities shall not be permitted in the cases mentioned under Clause 4.1 above.

5. TRANSFORMATION INTO CREDIT FACILITY. REPAYMENT OF THE CREDIT FACILITY

- 5.1 Without prejudice to the provisions of Clause 2.1 of Chapter 1 (*General provisions*) hereof, the Facility Limit of the Guarantee Facility shall be reduced as a result of the transformation of the Guarantee Facility into Credit Facility, as follows:

- (a) automatically, upon a payment being made by the Bank under a Guarantee Instruments issued under the

relevant Credit Facility Agreement, such amount paid by the Bank becoming a Credit Facility;

- (b) according to the provisions of Clause 6.1 of this Chapter, upon the occurrence of an Event of Default;
 - (c) according to the provisions of Clause 4.2 of this Chapter, if the case.
- 5.2 The Credit Facility provided at Clause 5.1 above shall be granted in accordance with the Credit Facility Agreement, for a duration to be established by the Bank and which is not to exceed 1 (one) year.
- 5.3 Further to the transformation of the Guarantee Facility into a Credit Facility, the Bank shall send the repayment schedule in the Reference Currency to the Borrower; if the Borrower notifies the Bank, within 10 (ten) days as of receipt of the repayment schedule, that it does not accept this schedule, the Borrower shall repay the Facility Credit within 15 (fifteen) days as of receipt of the repayment schedule notified by the Bank. If the Borrower does not notify the Bank, within the 10 (ten) day-term as of receipt of the repayment schedule, that it does not accept this schedule, the repayment schedule submitted by the Bank shall be considered fully accepted by the Borrower on the date of the Bank's notice, and the Borrower must repay the Credit Facility in accordance with such repayment schedule.
- 5.4 In the cases provided at Clause 5.1 letters (a) or (b) above, the Bank is also entitled, at its discretion, by notice to the Borrower, to immediately accelerate the repayment of the Facility Credit, in full or in part, together with the accrued interest and any other amounts accrued or outstanding under the Financing Documents whose repayment was accelerated. At that time, these amounts will become either (i) due and payable on demand; or (ii) immediately due and payable, without further notice or any statement, application or objection of any kind, and the Borrower expressly waives such formalities.
- 5.5 If the Borrower made repayments of the Credit Facility made available under Clause 5.1 of this Chapter and:
- (a) the Bank did not make payments under the issued Guarantee Instrument and the validity of the Guarantee Instruments issued under the Credit Facility Agreement has ceased by term expiry or by renunciation of the Beneficiary to the Guarantee Instrument; or
 - (b) the Bank made payments to the Beneficiary under the issued Guarantee Instruments, but the amount of such payments is lower than the amounts collected from the Borrower,

the Bank shall reimburse the Borrower, within 30 (thirty) Business Days starting from the expiry date of the Guarantee Facility, the respective difference after deducting any costs of any nature due by the Borrower to the Bank under the Financing Documents. This amount bears interest only after the expiry of the 30 (thirty) Business Days period starting from the expiry date of the Guarantee Facility.

- 5.6 Without prejudice to Clauses 5.1 to 5.4 of this Chapter, if the Facility secured with a mortgage on a collateral deposit becomes a Credit Facility, the Bank is entitled to deem that the Credit Facility, up to the amount in the collateral deposit account, as fully due on the date when the Bank makes any payment under the Guarantee Instrument. In such case, the Bank is entitled and authorized expressly and irrevocably, throughout the entire term of the Credit Facility Agreement and then up to the full recovery of any and all amounts owed by the Borrower (the provisions of Article 2015 of the Civil Code of Romania not being applicable) to satisfy itself from the security established on the collateral deposit account, by clearing the collateral deposit and compensating the amounts standing to the credit thereof with the amounts owed by the Borrower as a result of the Guarantee Facility becoming a Credit Facility, no notice to the Borrower/Guarantor or power-of-attorney from the Borrower/Guarantor in this respect being required. To the extent that the amounts in the collateral deposit account are not enough to cover all the amounts owed by the Borrower further to the Guarantee Facility becoming a Credit Facility, the balance shall be repaid in accordance with Clause 5.2 of this Chapter.
- 5.7 Without prejudice to Section 7 (*Events of default. Acceleration*) from Chapter 1 (*General provisions*) hereof, as well as any other rights or remedies that the Bank has in accordance with the Credit Facility Agreement, if

the Guarantee Facility secured with a mortgage on a collateral deposit becomes a Credit Facility, if the amount paid by the Bank to the Beneficiary of the Guarantee Instrument in the enforcement of the Guarantee Instrument is higher than the amount in the collateral deposit account converted into the Guarantee Instruments Currency at the exchange rate of the National Bank of Romania on the payment date, the uncovered balance shall be repaid on the basis of the schedule communicated by the Bank to the Borrower in accordance with Clauses 5.3 and 5.4 above.

6. ACCELERATION

- 6.1 In addition to the provisions of Clause 7.3 from Chapter 1 (*General provisions*) hereof, on the date and at any time after occurrence of an Event of Default, the Bank may, at its discretion, by notice to the Borrower transform the entire utilised Facility Limit of the Guarantee Facility into Credit Facility and declare that all or part of the Credit Facility, together with accrued interest, and all other amounts accrued or outstanding under the Financing Documents be immediately due and payable. At that time the amounts shall become either (i) due and payable on demand; or (ii) immediately due and payable, without any further notice or statement, request or objection of any kind, and the Borrower expressly waives such formalities.

7. SPECIFIC UNDERTAKINGS

- 7.1 The Borrower undertakes to duly and timely perform the following obligations:

- (a) **Signing the statement:** before the issuance of the Guarantee Instrument by the Bank, to sign on each page of the agreed Guarantee Instrument template the following statement: *“We represent that we fully agree and acknowledge the content of this Guarantee Instrument template (letter of guarantee/ letter of counter-guarantee, as the case may be) and we undertake any risk arising from its enforcement.”*, except if it is requested in the submitted application that the texts of the guarantees be prepared and issued on the Bank’s template, in which case the Bank’s template is deemed accepted by the Borrower from the moment of submission of application;
- (b) **Waiver of court actions:** the Borrower understands that, by effect of signing the Credit Facility Agreement, it remains entirely liable to the Bank for all direct and indirect consequences arising from the Financing Documents and the Guarantee Instruments issued by the Bank and accepted by the Borrower and renounces to any opposition, dispute, protest or action before a court of law in connection with the execution of the Guarantee Instruments upon request from the Beneficiary and also undertakes not to introduce court actions to request the Bank to comply, not comply or suspend payment obligations against the Beneficiary of the issued Guarantee Instruments;
- (c) **Risk undertaking in the event of Partnership:** if the Borrower requests the issuance of Guarantee Instruments for securing obligations of a partnership without legal personality (the **“Partnership”**), where the Borrower is acting as leader or member of the Partnership, the Borrower undertakes, until complete fulfilment of all obligations to the Bank based on any Financing Document, the Guarantee Instrument enforcement risk for all obligations of the Partnership secured by the Bank, irrespective of the fault of the associate who determined the enforcement of the Guarantee Instrument. The Borrower irrevocably waives its right to rely on any defence, waivers or objections of any kind arising from a joint offer of the Partnership, the agreement entered into the Partnership and the Beneficiary or from the partnership agreement (arrangement), with regards to the performance of the secured obligations to the Beneficiary of the Guarantee Instrument. The Borrower authorizes the Bank to make the payment under the Guarantee Instrument under the terms and conditions therein, without any further formalities.
- (d) **Risk undertaking in the event of Secured Third Party:** if the Borrower requests the issuance of Guarantee Instruments for securing obligations of a third party (the **“Secured Third Party”**), the Borrower expressly and irrevocably undertakes, until complete fulfilment of all obligations to the Bank based on any Financing Document, the Guarantee Instrument enforcement risk on first and simple demand of the Beneficiary. To the extent applicable, the Borrower expressly and irrevocably waives its right to rely on any defence, waivers or

objections of any kind arising from the agreement for which the Guarantee Instrument was issued or from the mutual agreement (arrangement) between the Borrower and the Secured Third Party, with regards to the performance of the secured obligations to the Beneficiary. The Borrower authorizes the Bank to make the payment under the Guarantee Instrument under the terms and conditions therein, without any further formalities.

- (e) **Guarantee Instruments for global transit.** If a Guarantee Instrument for global transit is issued, the Borrower expressly and irrevocably undertakes to the Bank, until complete fulfilment of all obligations to the Bank based on any Financing Document, to make any payment requested by the Bank if payment is made during the enforcement of the guarantee act (isolated or global) in a currency other than the currency in which the Guarantee Instrument was issued. The Borrower undertakes to cover any exchange rate difference and, in this respect, fully recognizes the additional credit facility granted by the Bank for covering the exchange rate difference.

8. ADDITIONAL SECURITIES

8.1 Without prejudice to the provisions of Section 9 (*Repayment of the Credit Facility*) from Chapter 1 (*General provisions*) hereof, the Borrower undertakes that, if the issuance of Guarantee Instruments including an expiry date therein, but which terminate only after returning the original to the Bank and/or after confirmation of discharge of obligations is requested, then:

- (a) upon issuance of such Guarantee Instrument, the Borrower undertakes to create a collateral deposit for securing the relevant Credit Facility Agreement, of at least 25% of the value of the Guarantee Instrument;
- (b) if the original Guarantee Instrument is not returned to the Bank and/or the Bank does not receive confirmation of the discharge of obligations within 3 (three) months from the expiry date of the Guarantee Instrument, then the Borrower undertakes to supplement the collateral deposit created under the provisions of paragraph (a) above up to a minimum of 100% of the value of the Guarantee Instrument.

9. SPECIFIC PROVISIONS FOR THE GUARANTEE FACILITIES WHICH ARE FULLY SECURED BY A COLLATERAL DEPOSIT

9.1 If the Non-Revolving Guarantee Facility or Revolving Guarantee Facility is fully secured with a collateral deposit, the latter shall be opened on the execution date of the Credit Facility Agreement, under the conditions provided in such agreement. In addition to other conditions precedent provided in the Credit Facility Agreement or these GCC, the Guarantee Instruments shall be issued under the Credit Facility Agreement only after the appropriate opening of the collateral deposit and the crediting thereof with the amounts related to the requested Guarantee Instrument(s).

9.2 When established, the value of the collateral deposit must be at least equal to the value of the Guarantee Instrument that it secures. For the value of the Guarantee Instrument to remain within the limit of the security represented by the collateral deposit, the Bank re-evaluates daily the value of the issued Guarantee Instrument by reference to the value of the collateral deposit, according to the exchange rate of the National Bank of Romania. In the event of a Guarantee Facility entirely secured by cash collateral in the same currency with the Currency of the Facility Limit of the Guarantee Facility and of the Guarantee Instrument to be issued, the amounts constituted for securing each Guarantee Instrument requested under the Facility Limit of the Guarantee Facility may be gradually blocked by the Bank upon each request for Guarantee Instrument issuance. The amount blocked for the purpose of security for each Guarantee Instrument shall be at least equal to the amount of the requested Guarantee Instrument.

9.3 The amounts in the collateral deposit attached to the issued Guarantee Instrument(s) shall be made unavailable during the period provided in the Credit Facility Agreement or the related Security Agreement, until the expiration of a 5 (five) Business Days period after the expiration or termination of the validity period of the Guarantee Instrument. The validity of the collateral deposit shall be automatically extended until any amounts

- owed under the Financing Documents are recovered or until a discharge of obligations (in Romanian, *descărcare din obliga*) for the respective Guarantee Instrument(s) is received.
- 9.4 If the collateral deposit becomes due and the obligations for which it was established have been paid in full, the Bank shall be entitled to close the collateral deposit and transfer any amounts in this deposit into the Borrower's/Guarantor's current account. The Borrower/Guarantor expressly agrees and accepts that it cannot close or use in any other way the collateral deposit as long as this is a guarantee established in favour of the Bank unless it has the prior written consent of the Bank. The establishment or increase (by cash deposit or transfer) and the decrease or closing of the collateral deposit (only by transfer) shall be made at the Borrower's/Guarantor's request to the Bank.
- 9.5 The interest rate for the collateral deposit is provided in the Credit Facility Agreement. This is calculated and registered on the last day of the month in the attached debt account. Interest is capitalized on the term(s) provided in the Credit Facility Agreement into the current account/sub-account of the Borrower/Guarantor from which the deposit was established. The Bank does not capitalize interest for the collateral deposits established from amounts resulting from credit facilities contracted with the Bank, unless the Credit Facility Agreement expressly provides otherwise.
- 9.6 If the collateral deposit interest is variable throughout the entire validity term of the Credit Facility Agreement, the Bank is entitled to unilaterally change the applicable interest percentage and the new interest percentage will become enforceable by display at the Bank's premises and/or by publication on the Bank's website (www.bcr.ro). The Borrower/Guarantor expressly accepts the unilateral change by the Bank established under the Credit Facility Agreement. If the collateral deposit interest is fixed, it does not change throughout the validity period.
- 9.7 For collateral deposit operations, fees shall be charged in accordance with the BCR Fee Rates for Legal Entities. Such fees shall be deducted from the amounts available in the current accounts of the Borrower/Guarantor opened with the Bank, which is irrevocably authorized to do so under these GCC.
- 9.8 The Bank shall display from time to time the interest and fee rates at its premises, in a visible place. The Borrower and the Guarantor expressly accept the unilateral change by the Bank of the rate and method of charging for the interest and the fees for the collateral deposit account. The statement of account of the collateral deposit shall be issued at the front desk and/or by electronic banking, as the case may be, at each request of the Borrower/Guarantor. If, within 5 (five) Business Days as of making the operations in the collateral deposit, the Borrower/Guarantor does not inform the Bank in writing on the possible errors or omissions found in relation to the operations, the balance and operations in the statement of account of the collateral deposit are deemed to be tacitly accepted. Such acceptance does not exclude Borrower's/Guarantor's right to challenge any operation in its accounts that it considers unauthorized or incorrect, including errors/omissions in the statement of account, within the term provided in the General Terms of Business for legal entities and authorised persons (as displayed on the Bank's website www.bcr.ro, and which may be amended by the Bank from time to time), otherwise such right will be lost. The challenge shall be made in writing, by registered mail with return receipt.
- 9.9 If the collateral deposit amounts are enforced in accordance with Clause 5.6 above, the balance in the collateral deposit shall maintain its interest as initially established and can be used for the purpose for which it was established.
- 9.10 The Borrower/Guarantor provides a security any and all obligations under the Credit Facility Agreement, the issuance of the Guarantee Instruments, the Credit Facility deemed to be granted if any Guarantee Instrument is enforced in full or in part, as well as the fees and the other costs related to the issuance of the Guarantee Instruments, including other court and enforcement costs and expenses, by establishing a **1st rank movable mortgage on the collateral deposit bank account** identified in the Credit Facility Agreement, valid until the full discharge of the obligations under the Credit Facility Agreement in accordance with the conditions provided below. This security also covers the asset replacing the secured asset, all the proceeds of the

mortgaged asset and all the assets received by the Borrower/Guarantor further to an act of administration or disposal in relation to the asset which is established as security. For the avoidance of any doubt, if the Credit Facility Agreement provides for the gradual replenishment of the collateral deposit to the extent that Guarantee Instruments are issued, the movable mortgage shall cover all the amounts thus credited into the collateral deposit account.

- (a) The Borrower/Guarantor represents on its own liability that the asset which is mortgaged by a movable mortgage is its property, that it is not encumbered by other present and future obligations and that it will not be subject to any transaction or lien, including other mortgages, until all obligations towards the Bank under the Credit Facility Agreement have been paid;
- (b) The movable mortgage is valid until the full payment by the Borrower of all its obligations towards the Bank under the Credit Facility Agreement or under the issued Guarantee Instruments (including fees, other court and enforcement costs and expenses), as such are provided in the Credit Facility Agreement and in these GCC.

The Bank has the right and is expressly and irrevocably authorised, throughout the entire duration of the Credit Facility Agreement and then up to the full recovery of any and all amounts owed by the Borrower (the provisions of Article 2015 of the Civil Code of Romania not being applicable) to satisfy itself from the security established on the collateral deposit account, by clearing the collateral deposit and compensating the amounts standing to the credit thereof with the amounts owed by the Borrower as a result of the Guarantee Facility or Guarantee Instruments becoming a Credit Facility, no notice to the Borrower/Guarantor or power-of-attorney from the Borrower/Guarantor in this respect being required. To the extent that the amounts in the collateral deposit account are not enough to cover all the amounts owed by the Borrower further to the Guarantee Facility or Guarantee Instruments becoming a Credit Facility, the balance shall be repaid in accordance with Clause 5.3-5.4 of this Chapter

- (c) The Borrower/Guarantor understands and agrees not to withdraw, until the fulfilment of all its obligations towards the Bank under the Credit Facility Agreement, the collateral deposit established as movable mortgage in favour of the Bank. In case of enforcement, the Bank is entitled to automatically debit the deposit encumbered by this movable mortgage in order to recover all the amounts secured by it.
- (d) Borrower's failure to comply with its obligations under the Credit Facility Agreement or the issued Guarantee Instruments entitles the Bank to satisfy itself from the collateral deposit established as security in accordance with Article 2466 of the Civil Code of Romania.
- (e) The Borrower/Guarantor undertakes to perform, on its expense, the movable mortgage publicity formalities in the Electronic Archive of Movable Security Interests for the collateral deposit which is encumbered by the movable mortgage, in accordance with the Credit Facility Agreement. If all Borrower's obligations under the Credit Facility Agreement are discharged, the Bank undertakes to record the de-registration of the movable mortgage in the Electronic Archive of Movable Security Interests within no more than 10 (ten) calendar days as of the date when Borrower's obligations have been discharged. Expenses with the performance, change or de-registration of the movable mortgage from the Electronic Archive of Movable Security Interests shall be incumbent on the Borrower, which authorizes the Bank to debit its current account with the equivalent value of expenses concerning the registration, change or de-registration of the movable mortgage in/from the Electronic Archive of Movable Security Interests.
- (f) If the right of action for the senior receivable is extinguished due to prescription, the right to the mortgage action will not be extinguished. The Bank may enforce the mortgaged assets in accordance with the law, up to their value.

10. ENFORCEMENT OF GUARANTEE INSTRUMENTS

- 10.1 In the event the Bank receives an enforcement request (totally or partially) of a Guarantee Instrument, it shall

proceed as follows:

- (a) if the Facility Limit of the Guarantee Facility is entirely secured by collateral deposit created in the same currency as the currency of the Facility Limit of the Guarantee Facility and of the Guarantee Instrument, the Bank makes the payment to the Beneficiary from its resources, and, subsequently, during the same day, shall retain from the collateral deposit the amount paid during the enforcement of the Guarantee Instrument;
- (b) if the Facility Limit of the Guarantee Facility is secured by other security than collateral deposit created in the same currency as the currency of the Facility Limit of the Guarantee Facility and of the Guarantee Instrument, the Bank makes the payment to the Beneficiary from its resources, and, subsequently, opens a Credit Facility to the Borrower equal to the amount paid by the Bank, under the conditions provided at Clauses 5.2 to 5.4 above.

3.1 **Request to change:** During the term of the Multiproduct Facility, the Borrower is entitled to request the Bank to make changes in relation to the Products drawn under the Multiproduct Facility, based on a request to change (according to the models used by the Bank at the time of request) submitted at least one Business Day before the requested date of change.

3.2 **Conditions for change:** The changes in relation to supplementing the value of the drawn Product and/or the extension of the ultimate due date thereof can only be made during the Multiproduct Facility Utilisation Period and only after having met the conditions precedent provided in these GCC and in the relevant Credit Facility Agreement, as well as the following conditions:

- (a) on the date when the request to change the Drawn Credit Facilities from the Multiproduct Facility is made and on the date when the Product drawn from the Multiproduct Facility is changed, the Facility Limit is not exceeded as a result of the Bank's daily re-evaluations of the balance of Products denominated in the Multiproduct Facility Currencies by reference to the Reference Currency;
- (b) the supplementation amount is at most equal to the Available Facility Limit on the supplementation date and is expressed in the same Multiproduct Facility Currency as the supplemented Product;
- (c) on the date when the request to change the Product drawn from the Multiproduct Facility is made and on the date when the Product drawn from the Multiproduct Facility is changed, there is no Event of Default or any other event or circumstance which could, with the expiry of a grace period set out for remedy (if the case), the giving of notice, the expiry of another term or the making of any determination under the Financing Documents or any combination of the foregoing, cause the occurrence of an Event of Default;
- (d) the requested duration of the Product will not exceed the date when the duration of the Multiproduct Facility expires;

 - (ii) if the Borrower wants that the Guarantee Instrument be issued with a different content than the model proposed by the Bank, the request to change the Guarantee Instrument must be accompanied by Borrower's proposal as to the form of the Guarantee Instrument intended to be issued by the Bank, and the Bank must accept such provisions. The Bank is free to accept or not the proposed form of the Guarantee Instrument, at its absolute discretion. The provisions of Clause 7.1 letter (a) from Chapter 7 (*Special provisions – Guarantee Facility*) hereof shall apply accordingly.
- (f) for the endorsement of Negotiable Instruments, including after:

Chapter 1 (*General provisions*) hereof, the Borrower undertakes to maintain current accounts open with the Bank in each of the Multiproduct Facility Currencies.

5. DECREASE OR CESSATION OF FACILITY LIMIT

5.1 **Cases of decrease or cessation:** In addition to the provisions of Clause 7.3 from Chapter 1 (*General provisions*) hereof on the date and at any time after the occurrence of an Event of Default, the Bank may:

- (a) diminish the Facility Limit/Sublimit by:
 - (i) automatic cancellation of the Available Facility Limit/Sublimit, unless on such date the entire amount of the Facility Limit/Sublimit has been utilised; and/or
 - (ii) decrease of the Subceilings of overdraft/credit line credit facilities if not utilised in full, rescheduling the repayment of the amounts by which the Subceilings are decreased and extending the Utilisation Period for the new Subceilings resulting from the decrease in overdraft/credit line credit facilities (the Subceiling of an overdraft/credit line credit facility is revolving and shall diminish on the due dates provided in the repayment schedule agreed by the Bank and the Borrower for the rescheduled repayable amounts); and/or
 - (iii) cancellation of the Facility Limit/Sublimit resulting from the partial/total repayments of the Working Capital Credit Facilities and/or the expiry of the validity period/waiver of the Guarantee Instrument by the Beneficiary, unless the Guarantee Instrument was enforced, and/or the maturity of the endorsed Negotiable Instrument, if payment was made from Borrower's sources on the due date of the Negotiable Instrument and/or the maturity of the discounted Negotiable Instrument, if the appropriate amount was collected on the due date of the Negotiable Instrument, as the case may be.

If the Credit Facility/Sublimit is diminished, according to the cases provided above, the Borrower can make utilisations only within the limit of the new available Facility Limit/new available Sublimit.

- (b) to cease the Facility Limit/Sublimit by:
 - i. automatic cancellation of the available Facility Limit/available Sublimit/Subceilings, unless on such date the entire amount of the Facility Limit/Sublimit/Subceilings has been utilised; and
 - ii. cessation of overdraft/credit line credit facilities, rescheduling the repayment of the outstanding Credit Facility by execution of an addendum/approval of the request to change; and
 - iii. cancellation of the Facility Limit/Sublimit resulting from the partial/total repayments of the Working Capital Credit Facilities and/or the expiry of the validity period/ waiver of the Guarantee Instrument by the Beneficiary, unless the Guarantee Instrument was enforced, and/or the maturity of the endorsed Negotiable Instrument, if payment was made from Borrower's sources on the due date of the Negotiable Instrument and/or the maturity of the discounted Negotiable Instrument, if the appropriate amount was collected on the due date of the Negotiable Instrument, as the case may be.

As of the cessation date, overdraft/credit line Credit Facilities will operate as an object loan for financing current activity Credit Facility and the Bank will notify the Borrower to conclude an addendum in this respect. In case the Parties do not conclude the addendum to the Credit Facility Agreement within 10 (ten) Business Days from receipt of the Bank's notification, the above modification will be applicable starting with the cessation date, under the terms and conditions communicated by the Bank in the above mentioned notification.

6. REPLENISHMENT OF THE FACILITY LIMIT OR THE SUBLIMIT

6.1 **Replenishment with undrawn amounts:** During the Multiproduct Facility Utilisation Period, the undrawn amounts replenish, within the terms and conditions provided below, the Facility Limit or the Sublimit, as the case may be, upon expiry of the Utilisation Periods related to the relevant Products or at any time before expiry of the Utilisation Periods related to the relevant Products, at the Borrower's request.

6.2 **Replenishment conditions:** The Facility Limit or Sublimit shall be replenished during the Multiproduct Facility Utilisation Period under the following conditions:

(a) for an overdraft/credit line or object loan for financing the current activity Credit Facilities, with the value of the repayable/diminished/undrawn balance – when the full or partial repayment or the decrease occurs at the request of the Borrower;

(b) for a Guarantee Facility, further to the expiry of the validity term of a Guarantee Instrument or by waiver of the Beneficiary, when the Guarantee Instrument was not enforced;

(c) for a Discounting Facility, when collecting the equivalent value of the discounted Negotiable Instruments;

(d) for an Endorsement Facility, when the Borrower paid the endorsed Negotiable Instrument from its own sources, at the due date.

6.3 **Cases of replenishment:** The Facility Limit, respectively the Sublimit set for each Borrower, shall be replenished under the following conditions:

(a) In case the sum of the Credit Facilities related to the Products expressed in Reference Currency equivalent is lower than the Facility Limit, respectively the Sublimit, then:

(i) the automatic repayments from overdraft/credit line Credit Facilities replenish only the Subceilings related to these Credit Facilities, in all cases during the Utilisation Period and until the ultimate due date of the Multiproduct Facility;

(ii) repayments of Credit Facilities other than overdraft/credit line Credit Facilities which are made on the due dates provided under the relevant Credit Facility Agreement replenish the Facility Limit, respectively the Sublimit, only during the Utilisation Period.

(b) In case, due to exchange rate fluctuations, the sum of the Credit Facilities related to the Products expressed in Reference Currency equivalent is higher than the Facility Limit, respectively the Sublimit, then:

(i) the automatic repayments from overdraft/credit line Credit Facilities replenish only the Subceilings related to these Credit Facilities ;

(ii) repayments of Credit Facilities other than overdraft/credit line Credit Facilities which are made on the due dates provided under the relevant Credit Facility Agreement replenish the Facility Limit, respectively the Sublimit, up to the 100% level;

(iii) repayments of the amounts exceeding the 100% level of the Facility Limit/Sublimit do not replenish it.

(iv) the Borrower shall not be entitled to make new utilisations until the sum of Credit Facilities denominated in the equivalent of the Reference Currency, is below the value of the Facility Limit, respectively the Sublimit.

- 6.4 **Failure to replenish the Facility Limit:** The Facility Limit or the Sublimit is not replenished if a Guarantee Instrument is enforced or in case the Bank honours its commitment under an endorsement, when the Bank recovered the thus enforced amount from the Multiproduct Facility collateral deposit.

7. CONSEQUENCES OF EXCEEDING THE FACILITY LIMIT

- 7.1 **Reimbursement:** If the sum of the Credit Facilities on the basis of related Products, denominated in the equivalent of the Reference Currency, exceeds the Facility Limit, respectively the Sublimit, due to exchange rate fluctuations between the Multiproduct Facility Currencies, the Borrower shall repay, within 10 (ten) Business Days as of the date when the Facility Limit, respectively the Sublimit was exceeded, the amounts by which such value is exceeded. If, within the aforementioned term of 10 (ten) Business Days, the total value of the drawn Credit Facilities denominated in the equivalent of the Reference Currency is smaller or equal to the Facility Limit, respectively the Sublimit, the Borrower no longer has the obligation to repay the amounts provided in accordance with this Clause.
