3. SECURITY

3.1 Movable Security

In order to secure the fulfilment of the Secured Obligations, including, without limitation, the payment of any and all amounts owed by any of the Debtors under the Financing Documents as they become due and payable, the Guarantor, as owner of the Mortgaged Property, as it is on the Mortgage Agreement date and as it can become from time to time, establishes under the Mortgage Agreement, in favour of the Bank, a Movable Mortgage on the Mortgaged Property, in accordance with the provisions of the Mortgage Agreement and these GCS and in compliance with the Romanian Civil Code.

By these GCS, the Parties acknowledge and agree that the Mortgage established under the Mortgage Agreement on the Mortgaged Property (except for the Goodwill Mortgage) is a Movable Mortgage on current and future assets, as such may be identified at any time, and it is not and shall not be construed as a mortgage on a universality of assets for the purpose of Article 2368 of the Romanian Civil Code.

3.2 Disposal of the Mortgaged Property

Without prejudice to Clause 3.1 above, until the occurrence of an Event of Default, the Guarantor will dispose of its property within the Mortgaged Property in the ordinary course of business but, at any rate, only as permitted under the Financing Documents.

3.3 Extension of the Mortgage over the Products

The Movable Mortgage established under the Mortgage Agreement extends on all the Products of the Mortgaged Property and on any other rights in relation to such assets obtained by the Guarantor (including, without limitation, any and all assets resulting from any act of administration or act of disposal executed in relation to the Mortgaged Property, as well as any assets replacing the Mortgaged Property or to which the value of the Mortgaged Property or any part thereof is transferred), which are mortgaged in favour of the Bank under the Mortgage established under the Mortgage Agreement.

3.4 Extension of the Mortgage over Insurance

- (a) According to Article 2330 of the Romanian Civil Code, the Mortgage established under the Mortgage Agreement shall extend on any and all amounts owed to the Guarantor under any of the Insurances concerning the Mortgage Property, as well as on any amounts of money that a third party would owe to the Guarantor in relation to the loss of or damage to the Mortgaged Property or any element of the Mortgaged Property and on any and all amounts paid or which could be paid to the Guarantor by any central or local authority or any other person as compensation in an expropriation for public utility purposes or for legal limitations of the ownership right on the Mortgaged Assets (including, without limitation, nationalisation, takeover, requisition).
- (b) The Guarantor undertakes to:
- i. conclude and maintain insurances with respect to the Mortgaged Property, in favour of the Bank with independent insurers acceptable to the Bank, for the entire period until the fulfilment of all obligations under the Financing Documents;
 - ii. the Insurances regarding the Mortgaged Property will cover the insured risks as requested by the Bank, including the following minimum insured risks:
 - for Tangible Assets – (including equipment, utilities and current assets used as Securities, deposit stocks) – natural catastrophes (earthquake, natural flooding, landslip/land quakes), atmosphere phenomena (hurricane, storm, tornado and other

associated atmosphere phenomena, snow avalanches) to which the following shall be added: deterioration or loss caused by fire, theft, robbery, accidental damages to machinery and equipment;

- CASCO insurance – theft, accidents, fire or flooding.

iii. confirm to the Bank and submit the proof of the extension of validity for the Insurances at least 5 (five) Business Days before the expiry date of such Insurances; and

(c) The Guarantor shall conclude the Insurances for a value not lower than the market value/base value of the respective asset, provided that, if at any time and for any reason, (i) any insurance which is required to be maintained under the Financing Documents shall not be in full force and effect, or (ii) any amounts related to the insurance policies are due and payable by the Borrower or the Guarantor, in either of such cases, the Bank shall have the right (but shall be under no obligation), as the case may be, to conclude that insurance for, on behalf of and at the expense of the Guarantor, to perform any extension of validity, renewal or replacement of the insurance (as the Bank may deem necessary, the Bank being also entitled to select the insurance company with whom it will conclude such insurances), to take any measures to mitigate the risks as the Bank shall deem appropriate or to pay the respective amounts irrespective of any grace period granted by the Bank under the Financing Documents. In such case, the Bank is authorized to debit Borrower's or Guarantor's account with the equivalent value of the amounts paid by the Bank as per the above, as well as to make any payment, transfer or currency exchange operation at the exchange rate used by the Bank, for the purpose of the above.

(d) In case of occurrence of the insured risks, the amounts owed as insurance indemnity or damages (including in case of expropriation or other limitation of the ownership rights established through a law or other public authority act) shall be transferred by the insurance company to a bank account indicated by the Bank. To this end, the Bank is authorised to formulate and sign in the name and on behalf of the insured person any requests or documents which may be necessary in relation with the insurance company, to submit any documents and in general to fulfil in the name and on behalf of the insured person any formalities necessary or requested by the insurance company, for the payment by the insurance company of the amounts owed as insurance indemnity or damages into the bank account indicated by the Bank, in case the insured risks have occurred. For this purpose, the Bank may use a collateral deposit account, opened on the name of the Borrower or Guarantor as account holder, as the case may be, which the Bank is authorised to open at any time or close at any time after the reimbursement of all amounts owed under the Financing Documents, without the notification of the Borrower or of the Guarantor or other formalities being necessary. The Borrower/Guarantor cannot dispose of such amounts until the reimbursement of all amounts owed under the Financing Documents without the Bank's prior approval. The Bank is authorised to satisfy the Secured Obligations from the amounts collected on the debtor's account as insurance indemnity or damages (including in case of expropriation or other limitation of the ownership rights established through a law or other public authority act), informing the Borrower/Guarantor of the amounts debited for the Secured Obligations. The interest capitalized by the Bank for the amounts in the above mentioned collateral deposit account is the interest capitalized for on-sight deposits and is variable for the entire validity period of the deposit. The Bank has the right to unilaterally modify the applicable interest rate, the new interest rate becoming applicable by display at the Bank's premises and/or by publishing on the Bank's website. The interest shall be capitalized on the date the deposit

is closed and paid into the Borrower's or the Guarantor's current account opened with the Bank, as the case may be.

3.5 Registration of the Mortgage

- (a) The Guarantor undertakes to fulfil, on its expense, the formalities for the registration of the Mortgage established under the Mortgage Agreement (including Bank's control on the Bank Accounts in accordance with Article 2410 of the Romanian Civil Code) with the Electronic Archive, shareholders' register kept by the relevant company, the Central Depository or any other register company, the register of Government bonds and any other register, in accordance with the legal provisions, and shall make available to the Bank the registration endorsement certified by the Electronic Archive operator that made the registration and a certified copy or an excerpt of the shareholders' register or any other relevant register to certify the registration of the Mortgage.

- (c) In case of any discrepancies between the information in the registration endorsement registered with the Electronic Archive and the information in these GCS and the Mortgage Agreement, the information in these GCS and the Mortgage Agreement shall prevail.
- (d) The Guarantor hereby acknowledges and agrees that the Bank shall have the right (but not the obligation), without notifying the Guarantor, to submit, amend or renew the registration endorsement with the Electronic Archive, and/or to send any or all notices or registrations with any competent register and to take any measures permitted by the law in order to make sure that the Mortgage established under the Mortgage Agreement is and continues to be a valid and legal Movable Mortgage, fully binding on and enforceable against the Guarantor and third parties. The Guarantor authorizes the Bank to debit its current account with the value of these registration expenses.
- (e) If all Secured Obligations are fully and permanently satisfied, the Bank undertakes to deregister the Mortgage from the Electronic Archive, within no more than 10 days as of the date of the full and permanent satisfaction of all the Secured Obligations. Expenses in relation to the deregistration of the movable mortgage from the Electronic Archive are incumbent upon the Guarantor. The Guarantor authorises the Bank to debit its current account with the equivalent value of the Electronic Archive deregistration expenses.
- (f) The Guarantor shall make available, within the reasonable term provided by the Bank, any other document, registration, submission, notice, notarization or other supporting document of which the Guarantor was informed by the Bank, in a form and content satisfactory to the Bank and in accordance with the applicable laws.

3.7 Future assets

The Parties acknowledge and agree that this Movable Mortgage is established on the entire Mortgage Property of the Guarantor, either existing on the execution date of the Mortgage Agreement or acquired or otherwise obtained or established in the future, and that the Mortgage established under the Mortgage Agreement on such future assets shall become effective in relation to these future assets as of the date when they are acquired, obtained or established (or when the Guarantor otherwise acquires any rights on them), and the rank of the Mortgage on these future assets shall be the rank provided at the time when the initial registration endorsement is registered with the Electronic Archive, no further registration or formality being required, in accordance with Articles 1228, 2365 and 2387 of the Romanian Civil Code.
